Ontario Farmers' Union Continue To Press For Government Action

Executive Met With Hon. W. A. Stewart and Mr. Everett Biggs in Toronto

The executive of the Ontario Farmers' Union met with Hon. W. A. Stewart and Mr. Everett Biggs in Toronto on December 15th, in the interests of Ontario farmers affected by adverse weather conditions.

The brief presented at Enterprise on November 27th was discussed, as well as one presented at Durham in Grey County.

This asked that farmers not grant assistance be helped, with special mention of dairy farmers in east Northumberland and south Grey Counties. The Minister stated that there could be no further extension of assistance. There could be no help given to cash crop farmers in form of acreage payments.

The brief asked that coupons be accepted as total payment for feed — a \$90.00 purchase of feed grain could be paid by use of 3 coupons. The reasoning behind this request was that farmers in the east had purchased standing hay at considerable expense — pasturing their own fields — and planting extra corn etc. with excessive amounts of fertilizers. By these means some had managed to have sufficient feed but at great expense. They do not need the coupons, but need very badly money to pay for the outlay in purchase and production of their feed.

In regard to moratorium on loans, both the Minister and the Deputy Minister agreed that in case of Junior Farmer Loans, interest would have to be paid; but upon application for help, each farmer in stress due to weather conditions, would be considered in regard to having principal payment set aside for this year.

\$4.00 Per Cwt. Milk Discussed

The request for \$4.00 per cwt. for milk for manufacturing with prices to advance with rising costs to the farmer was discussed. This was under study and consideration. A meeting was to have been held right after the November 8th Federal Election with the Federal Minister of Agriculture, the Quebec and Ontario Provincial members to discuss and work out a plan. Mr. Stewart was optimistic as to this being a reality in the near future.

National Farmers' Union Feed Grain Assistance Plan

Mr. Stewart was very interested in the National Farmers' Union plan for feed grain assistance to the needy in Ontario and Quebec's Ottawa Valley Counties. Due to lack of box cars the original plans for gifts of grain between certain communities in the east had to be changed. Donations are being given at the elevators; the money will purchase feed grains from the Canadian Wheat Board. The Federal Government will assist in transportation. But there will be costs in distribution and the brief asked that the Ontario Government match dollar for dollar the contributions from Western Canada.

Mr. Stewart gave no decision. (Two weeks ago the donations amounted to \$7000.00 and the National Farmers' Union was ready to send 3 car loads of feed grain.)

It should be emphasized that distribution committees will be set up. Committees will consist of clergy, bank managers as well as farmers, to give this grain to farmers applying. This is not for all farmers, but for those in the Valley who have no \$50. to put with the \$30. coupon value to buy a ton of grain. Four years have left them with neither cash nor credit.

Crop Insurance Plan

The Crop Insurance plan was discussed and it is certain that such a plan will be instituted. Mr. Stewart was present at the hearings held across Ontario and he has a very clear picture of the apathy of farmers at this time. The hearing in Belleville was attended by the Hastings County Agricultural Representative, several other interested farmers and the remainder were Ontario Farmers' Union members — a total of about 15.

Hon. Mr. Stewart stated he realized the need of farmers, but he could not

Information For Farmers Regarding Compensation

Workmen's Compensation protection for all Ontario farm employees will become effective January 1, 1966. Some 1,700 farmers in the Province have provided this benefit in the past but protection is now extended to include all farmers providing they employ full or part time help.

The same protection will be available on a voluntary basis to farmers not employing help. Application may be made to The Workmen's Compensation Board for coverage for themselves and their wives who are considered partners under The Workmen's Compensation Act.

In announcing the new regulations

which are compulsory on the first of the year, The Honourable William Stewart, Minister of Agriculture, and The Honourable H. Leslie Rowntree, Minister of Labour, pointed out that, apart from providing the excellent benefits within the Act, they place the farmer in a better competitive position in the labour market with the more than 100,000 industrial and retail employees already reporting to the Board:

"At the present time, with employable help at such a premium, the farmer is at a distinct disadvantage in comparison with the industrial employer who is already safeguarded by The Workmen's Compensation Act. The employment seeker will choose the employer who has the best protection against loss of earnings arise out of injury on the job."

Compensation protection provides many benefits for those injured as a result of an accident arising out of and in the course of their employment.

In minor injuries where the employee is off work for less than two days, medical and hospital bills are

paid.

In more serious cases where the injured person is totally disabled, he will receive 75 per cent of his average earnings and all medical or hospital treatment as long as necessary. There is a maximum earnings basis of \$6,000.00 a year. For example, an injured farm hand with average earnings of \$60.00 per week would receive \$45.00 a week as long as he is totally disabled. When he is medically fit to work part time or take on light duties his compensation payments would be reduced until such time as he is able to return to his job on a full time basis. Where average earnings are \$30.00 per week or less, the actual earning rate become the compensation rate.

If permanent disability results, a pension is payable for life, regardless of any future earnings. There are also other financial benefits including widows' and children's pensions and funeral expenses in the case of fatalities.

All these benefits will also be available to the self employed farmer and his wife who request coverage for themselves at any amount between \$2,500.00 and \$6,000.00 per year, following application and payment.

Farm employees will receive the protection of the Act from January 1st, 1966 even though the employers have not filed a payroll statement or paid an assessment to the Board. Assessments when issued are payable in sixty days. In the case of farmers, they would be issued in June and payable in August.

For the purposes of Board assessment, the farming industry is divided into two divisions:

Class 27 (1), with an assessment rate of \$1.00 per \$100.00 of assessable payroll, covers the operations of tobacco farms, mushroom farms, fur farms, fruit farms other than tree fruit, chicken and turkey farms, chick hatcheries, bee keeping, nurserymen, market gardening, florists, cultivating or gardening.

Class 27 (2), with an assessment rate of \$3.50 per \$100.00, covers the operations of general farming, tree fruit farming, Christmas tree farms, dairy and stock farms, horse farms, ensilage cutters, hay baling machines, threshing machines, cash crops mechanically harvested, farm drainage contractors.

In the past four years under farm coverage by application, rates for Class 27 (1) have been reduced from \$1.25 to \$1.00, and for Class 27 (2) from \$4.50 to \$3.50.

Information, explanatory booklets and forms for reporting accidents are available from The Workmen's Compensation Board in Toronto and their District Offices in Ottawa, Windsor, Port Arthur, Kitchener and North Bay.

UNDERDEVELOPED AREA IN THE SPACE AGE

Modern technology has been responsible for some fantastic achievements during the first few years of the space age.

Scientists can televise the moon's surface from a rocket and relay the picture back to earth. They can send probes to Mars, detect nuclear blasts anywhere in the world, or land an intercontinental ballistic missile in the Kremlin's back yard — or our own, for that matter — from a range of 8,000 miles.

In some respects, however, science is still lagging.

With all this progress, nobody has yet devised a shoe-lace that won't break at the most inopportune moment.

PUSHBUTTON SUICIDE

The idea that people can look with equanimity on the possibility the human race will be annihilated within the next few years, is one of the odd things about life in the nuclear age.

But the fact remains that nobody appears to worry too much about what will happen if the cold war turns hot, or somebody presses a button by mistake.

Back in 1958 the U.S. Secretary of Defense predicted a nuclear war between Russia and the United States would result in 160 million dead Americans, 200 million dead Russians and death of the entire population of Western Europe.

Did this make the nations resolve to live peaceably together and avoid nuclear war? Not so you'd notice.

Man's peculiar indifference to his own fate, and the death wish which seems to have spread over the world in the wake of the nuclear threat can be explained in only one way.

To the individual, his own death is the only thing that matters. When he accepts the inevitability of that, he has accepted the possibility of everything. Beyond his own death the question of nuclear megadeaths is purely academic.

Of course nobody thinks the world will ever come to nuclear war. The possibility is one most people don't care to contemplate for long. And if they did, the answer would be in the form of a question: What can anyone do about it?

Men have long marvelled at the suicidal tendencies of the lemmings, who march into the sea and swim stolidly to their death.

Are human beings any more rational?

Fire Destroys Landmark At West Huntingdon

A well known residential landmark on the Foxboro-Madoc county road 16 miles north Belleville at West Huntingdon was destroyed by fire early Tuesday evening December 28th following an explosion thought to have originated in the kitchen.

Gordon Langstaff, 55, owner of the ornate two storey brick home, was asleep upstairs when he heard the explosion and was barely able to escape before the house was a mass of flames.

Nothing was saved from the home and Mr. Langstaff was forced to leave the burning house without his boots.

Belleville firemen answered the alarm but by the time the reels got on the scene the fire was completely out of control.

Mr. Langstaff, an employee of Northern Electric at Belleville, moved to West Huntingdon about five years ago.

His wife died last June. A small adopted boy has been living with Mr. Langstaff but the lad was fortunately staying with relatives at the time of the fire.

Miss Edna Tanner, on behalf of the W.A., presented Mrs. L. Tanner with a gift. Rev. Stewart invited the W.A. to hold the annual meeting at the Rectory the third Tuesday in January.

The programme followed with each member contributing a Christmas reading. A carol was sung and the Rector closed the meeting. The hostess served lunch.

Most People Are Insurable

Most Canadians who apply for life insurance are successful. A survey during 1964 of applications for ordinary life insurance — the most popular kind for individuals — showed that 97 percent of the applications submitted were accepted. The Canadian Life Insurance Association reports.

Of the three percent of the applications which were not successful, one-third were rejected because of heart disease, one-quarter because of other serious health problems, and the remainder for other reasons. Only 0.02 per cent of one per cent of applications were turned down because of dangerous occupations.

The high rates of acceptance indicate the life insurance companies' success over the years in solving the problems presented by two conflicting underwriting objectives, the Association says: Companies wish to provide the benefit of insurance protection to the greatest possible number of people. But, because people differ in health, habits and family health background, premiums charged must, to be fair, take into account the differing risks involved.

The solution has been twofold. In many cases, extra-risk policies at higher premiums provide insurance for persons who could not otherwise obtain it. Also, advances in such areas as medicine and job safety now permit the issuance of policies at standard rates to persons who would formerly have had to pay higher premiums.

Extra-risk policies permit companies to offer life insurance to those who require it, while keeping premiums in line with the added risks involved. Of the ordinary policies underwritten in Canada in 1964, just over five percent were extra-risk, the Association reports.

A sample of the extra-risk policies showed the following reasons for extra-ratings: heart disease, 26 per cent; weight problems, 11 per cent; other physical impairments, 29 per cent; hazardous occupation, 26 per cent; other reasons, 8 per cent.

The Good Driver

The turn of the year is a time for looking back, as well as forward. The Ontario Safety League quotes this extract from a speech made at its Ninth Annual Meeting, May 1st, 1963:

"The automobile problem has not grown out of deficient laws. It has grown out of deficient manners.

A man may obey all the laws on the statute book and still be a boor, a nuisance, a cad, and an undesirable citizen or even a menace to the people with whom he maintains social or business contacts. The driver of a motor car needs more than skill if he is to be otherwise than dangerous to other drivers and the people who walk in crowded streets. He needs to be constantly aware of the responsibilities that rest upon him.

Occasionally in any stream of traffic, you will see drivers who really know how to drive. They move steadily and easily without jars or spurts of speed. They aren't in an obvious hurry. They humour their machines and are careful to give all leeway to pedestrians, not because they fear the law, but because it is the decent thing to do. They draw aside when a fiend comes by, and

give him the road and the opportunity to break his neck.

The boor who goes through traffic as he goes through life, finding satisfaction in beating someone else to something that doesn't really matter, and the di-witted and under-disciplined youth who, if they can get hold of anything with four wheels and a motor, feel justified in trying to use public streets as they would the rings of a circus, do most to complicate life for the intelligent and decent-minded citizen. Yet there are drivers who never break a speed law or a traffic rule and yet manage to rouse people who go afoot to moods

of indignation and hatred. Laws for the formal regulation of motor vehicles are indispensable. But who can devise laws that will regulate the whims of the occasional driver who is vulgar, reckless, unsocial, brutal and lawless out of it. The person who crowds you with his front wheels at a crossing is, after all, only the man who jostles you on a sidewalk and lies to you in a business deal. "As a man driveth, so is he!"

The Ontario Safety League seems to have been rather more outspoken 42 years ago. But the message remains very much the same.

Starting January 1st all farm employees join 2,000,000 other Ontario workers with complete protection under Workmen's Compensation

With the co-operation of farm employers throughout the Province, the Ontario Workmen's Compensation Board is now able to provide full compensation protection starting January 1st.

Protected how? With benefits up to \$86.54 a week if an employee is disabled for more than two calendar days by an on-the-job accident or related disease happening on or after January 1st.

What about permanent disability? He's covered. Benefits in-

clude all medical expenses and pensions for permanent disability.

How about the worker's family? In death cases there are allowances for funeral expenses and pensions for widows and children.

Is this the same Workmen's Compensation that 2,000,000 men and women in other lines of work have protecting them? Exactly the same.

What about the Farmer? He and his wife also can be covered by Workmen's Compensation, by

making a special application to the Workmen's Compensation Board.

And his Family? If they work on the same farm and get a stated wage, they are automatically covered, as is the Farm Employee.

Is there a charge to the Farm Employee for this? No. Farm employers provide this protection through assessments based on their 1966 payroll, payable in August.

BOB'S

"Service With A Smile"

Since 1929, "Bob's" has been a most familiar name to those who have sought sincere, friendly service, and honest value in men's and boys' clothing in this area.

"Bob's" has almost become a trademark in the community. It has taken years of devoted labour, hours of tireless work and thought, and a truly friendly spirit to develop. The originator, R. A. "Bob" Patterson can be justly proud of what "Bob's" stands for.

The slogan, which appears weekly in this advt., "Service With A Smile" has always been associated with "Bob's". It is more than just a slogan... it has been a policy which was faithfully kept for over 36 years, often when both "service" and a "smile" were difficult to give.

Now, after more than a third of a century of hard work and service, "Bob" has decided to take it a bit easier. We will continue to count on his experience and help for what we hope will be a long time to come. So, it becomes "Doug's" turn to follow in Dad's footsteps. If we can do half as well, we will count it a real achievement, and we intend to do our best.

While change is inevitable, some things endure. "Bob's" will continue to be our advertising signature, and "Service With A Smile" will be our aim at all times.

We look forward to carrying on in the same tradition that has characterized "Bob's" for so many years, although we sincerely doubt our ability to write so many unique ads. We hope it will be our pleasure to greet many, many old friends, and to make many new friends in the years ahead. It will always be our intention to merit the confidence which has been placed in us.

With warmest wishes for Health, Happiness and Success throughout 1966,

Sincerely,

DOUG PATTERSON

EMERGENCY MEETING PROVINCIAL BOARD OF DIRECTORS

An emergency meeting of the Pro-

vincial Board of Directors was called for December 21st at Bowmanville. A good attendance was on hand despite some notices not reaching the directors in the Christmas rush of mail.

The executive reported results of meetings with the Minister of Agriculture and the Deputy Minister. Much time was spent in discussing ways and means of pressing for action (regional meetings, conference of farmers, demonstrations, even holding action were some suggestions).

Finally late in the afternoon the Board of Directors passed a motion that the Executive of the Ontario Farmers' Union attempt to organize a mass demonstration of farmers at Queen's Park if favourable action was not forthcoming from the Ontario Government.

Appointments Made At Inaugural Meeting of Municipal Council

Members Took Oath of Office at 7:00 p.m. — Followed by Regular Session

Naming of Standing Committees for the year, making appointments to the various municipal bodies and discussion of routine matters marked the inaugural meeting of Village Council on Monday.

Members of Council took the oath at 7:00 o'clock Monday evening, January 3rd, after which Reeve Donald W. Rodgers addressed Council.

Reeve Rodgers congratulated Council on a whole for accepting nominations and asked for co-operation for the ensuing year. He urged Council to strive towards adhering to budgets set up. The Reeve also noted that perhaps the largest project facing Council this year would be the proposed sewerage programme.

Reeve Rodgers noted that a lawyer was needed in the Village and suggested that in conjunction with the Chamber of Commerce, a joint committee might work towards this end. In closing, he asked for continued assistance and co-operation from Council.

Short addresses were also given by Councillors Robert Anderson, Robert Hulin, Bruce Glendinning, Maurice Faulkner and Clerk-Treasurer W. L. Pollock.

GENERAL BUSINESS

Council reverted to general business and decided to join the Ontario Good Roads Assoc. and to compensate Council members up to \$50.00 for attending this convention on motion of Councillors Hulin and Glendinning.

A communication from the Chief Election Officer acknowledged receipt of the recent liquor plebiscite in the Village. A letter will be directed from Council to the Liquor Licence Board of Ontario, requesting information on the proper procedure to apply for a combination liquor and beer store for the Village.

J. V. Holt was in attendance at the meeting and addressed Council briefly, congratulating the members on their re-appointment.

In the matter of the survey of the land south of the Arena, Council felt that an unusual length of time had been taken by the surveying firm in submitting a report. On motion of Councillors Glendinning and Faulkner, the Clerk was instructed to write the survey firm, stating that the report must be completed not later than January 15th.

Mr. and Mrs. Frank Stapley, Emma Street Celebrated Their Sixty-Fifth Wedding Anniversary

A very outstanding event came to our attention on Christmas Day when Mr. and Mrs. Frank Stapley, Emma Street, celebrated their 65th wedding anniversary.

They were married by the late Rev. W. V. Sexsmith at the West Huntingdon Parsonage, their attendants being Bert Wheeler and Nora Carr. Their honeymoon was spent at Sulphide, having travelled by horse and buggy, weather conditions being similar to 1965.

Mr. and Mrs. Stapley have spent most of their life in the Stirling area. Mr. Stapley was born at Madoc Junction, son of the late Sam and Sarah (Tufts) Stapley, of a family of nine. Mr. Stapley has two surviving brothers, Nelson and Oliver, of Stirling, and a sister, Mrs. Annie Terwilliger, of Belleville. Mrs. Stapley was born on the Ridge Road, daughter of the late George and Sarah (Akey) Carr and of a family of four. Mrs. Stapley has one sister, Mrs. Nora Phillips, of London, formerly Belleville, still

surviving.

Mr. and Mrs. Stapley's family live in the close area, their sons Wallace and Douglas, at Campbellford, and Bruce, Stirling; their daughters, Mrs. Earl (Olive) Scrimshaw, Belleville; Mrs. Albert (Pearl) Fraser, Stirling, and Mrs. Kenneth (Ruby) Tompkins, Wellman's. There are 17 grandchildren and 14 great grandchildren. Two additional grandsons are pre-deceased.

"At Home" To Relatives Neighbours and Friends

On Monday, December 27th, Mr. and Mrs. Stapley were at home to their relatives, neighbours and friends.

The dining room table was adorned with a bouquet of large 'mums, originally white, partially tinted pink and spattered with silver, giving a profuse display of beauty.

Mrs. Stapley wore a corsage of baby 'mums tinted similarly to the table bouquet. Mr. Stapley looked

quite prim with a carnation button-riere and the tie his bride had crocheted for him for the original nuptial day.

A very appropriately decorated one-tier cake, added a further touch of beauty to the table. The cake was made and decorated by their daughter, Mrs. Fraser (Pearl). Another daughter, Mrs. Scrimshaw (Olive) was in charge of the guest book, to which about 90 added their names.

Guests included folk from Belleville, Prince Edward, Campbellford, Tweed, West Huntingdon, Stirling, Chappleau, Peterborough, Marmora, Brockville and North Bay. One guest, Mrs. S. Theriault, of Chappleau, and Mr. Stapley had an interesting time tracing their relationship. Mrs. Theriault was the daughter of the late Richard Stapley. They came to the conclusion that their grandfathers had been brothers. Mrs. Theriault had been accompanied by her husband and daughter, Mrs. Grant, Belleville.

"Do we all have dramatic conversions or can it be a growing process for some?" "Can people make the Church an idol?" "Can we make the Bible an idol?"

BE GUIDED BY GOOD SENSE

Overspending by a family for a
funeral service is not in our best
interests either. A funeral that is
extravagant or uneconomical reflects
upon the funeral director's reputation.
While we feel it is a personal matter
which the family should decide, a
funeral should never exceed what a
family can afford. We invite your
inquiry in advance of need for inform-
ation.

In the heart of one who loved you
You always will be there.

Honour Newlyweds At Wellman's

Wellman's Orange Hall was the scene of a happy gathering Wednesday evening, December 29th, when the neighbours and friends of the community met to honour Mr. and Mrs. Richard Dracup (nee Anne Sutherland) on the occasion of their recent marriage.

Rev. W. C. Cox ably served as chairman and called upon Mrs. Kenneth Tompkins to lead in community singing, with Mrs. Fred Beckett at the piano. Mrs. Gerald Russett and Miss Mary Dracup each rendered a solo and Janice and Valerie Clancy and Mrs. Beckett and Dawn favoured with duets. Readings were given by Mrs. Burton White and Mrs. John Carlisle. Piano solos by Misses Paulette Linn, Virginia Pollock, Kathy White and Sharon Matthews were much enjoyed. Miss Nancy Tompkins entertained with an accordion selection.

Anne and Richard were called to the platform and Mrs. Jack Dunham read an address on behalf of Wellman's community expressing their friendship and good wishes for the young couple. Mrs. Harold Linn presented them with a gift of money.

Richard and Anne replied thanking everyone for the gift and the lovely shower and inviting them to visit their new home.

"For They Are Jolly Good Fellows" was sung and the ladies served lunch. A social hour was enjoyed by all.

Rawdon AOTS Father, Son and Daughter Dinner

On Thursday evening, January 6th, over sixty people enjoyed a wonderful pot luck dinner at Wellman's Corners, when thirty members entertained their family.

The gathering was called to order at 7:30 p.m. by the president, Mr. Ralph Jeffs.

After dinner, the toast to the sons and daughters was given by Robert H. Hoard and was replied to by Miss Nancy Tompkins.

A sing song was conducted by Kalvin Sharp with Miss Nancy Tompkins assisting at the piano.

Mr. Lyle Couch gave the devotional and Miss Virginia Pollock read the Scripture. Mr. Ted Reid, assisted by his father, entertained with jokes and Ted gave impersonation of Red Skelton, Jimmy Durant and Ed Sullivan.

The guest speaker was Mr. Gordon Oliver, of the O.P.P. staff, Belleville. He spoke on safety rules for drivers and pedestrians on the highways and showed a movie of a serious accident which left a young man (David Hall, of Wisconsin) disabled for life. His address and pictures were enjoyed and appreciated by everyone.

Rev. Wilbur Cox opened and closed the meeting with prayer and the Benediction.

Attend Jehovah's Witnesses' Assembly At Belleville

Twenty-three Stirling and area delegates have returned from a three day Christian assembly of Jehovah's Witnesses at Belleville. Walton Lidster, presiding minister for the Stirling congregation, stated, "The purpose of the assembly was to improve the ministry of all Jehovah's Witnesses, and was well highlighted in the theme 'Increasing Our Praise to Jehovah'."

The main feature of the assembly was the discourse, "What Does the Resurrection of the Dead Mean to You and Yours?" given by Mr. Clare Statton, district supervisor of Jehovah's Witnesses. A crowd of 684 heard Mr. Statton declare, "We are living in a world of atheistic thinking, when people are more prone to accept the ideas of man than the word of God as to the hope of the resurrection." ton, Trenton, Campbellford, Picton, Belleville, Stirling, Tweed, Bancroft and Colony.

Some factors which would be considered in locating a college in a particular area would be that there be enough grade 12 graduates not proceeding into advanced work in other fields to build a student body of reasonable size, and that there would be employment possibilities in the area for the skills of the graduates.

The college would be a complex comprised of blocks containing a centre of technology, a vocational centre for skilled trades, a business administration centre, a college of applied arts and a general academic core.

Village of Stirling To Observe Minor Hockey Week In Canada

Reeve Donald W. Rodgers Issues Proclamation; Take Your Boy To The Arena

Reeve D. W. Rodgers today joined in the observance of Minor Hockey Week in Canada by issuing a statement in which he asked the support of every local citizen.

The Reeve indicated his support by endorsing Canada's most publicized week, and said: "It is not only my privilege, but my pleasure to suggest that we should show our support of the wonderful local minor hockey program by visiting the arena this week. Minor Hockey Week in Canada is probably the nation's most successful amateur sports promotion, and if we are to keep in step with Canada, we must support it observance."

"Not only is it our duty to support the national observance but to support the volunteer workers who make it possible for our local youngsters to participate in Canada's National Sport. The local organization is made up of a fine group of good citizens, and I call upon all our people to join me in paying tribute to their efforts by visiting the arena during the minor hockey programs this week."

"We all know that practically every community in Canada, from Newfoundland to Victoria, has a minor hockey organization of some kind, and will be actively participating in Minor Hockey Week. The minor hockey organization here in our town does not take a back seat to any of them."

"The enthusiastic group of leaders active at our arena make it possible for every youngster in town to have an opportunity to participate in hockey under properly supervised conditions. Not only do they provide facilities, but they make available to our young lads proper instruction and leadership so that the boys may develop their hockey skills. Who knows," he said, "but that someday one or more of our boys will be playing on Canada's National Team."

"But there is more to minor hockey than developing good players," said Reeve Rodgers, who went on to say that "participation in this great sport provides exercise that will improve the body, training that will improve the mind, and an opportunity to learn co-operation, discipline, and a respect for rules. These are characteristics that will stand them in good stead throughout their lives."

"In the meantime, our community benefits. As we provide these youngsters with an opportunity to play, we know they are being kept off the streets, out of trouble and that they are in good hands."

"For all of these benefits we are truly thankful. The least we can do," the Reeve concluded, "is show our appreciation and support by attending the local minor hockey week observances."

ARMS, INSTANTS and TONGUES

If you're good at riddles, it shouldn't be very hard to find the answer to these three questions:
What can reach across a continent, yet has no hands?

What takes you places in an instant, yet never moves itself?

What speaks in a thousand tongues, yet has none of its own?

The answer is, of course, your telephone. . . . that easy-to-use convenience that takes you places every day, helps the family in so many ways. It helps you get news and information, makes dates, invite guests, arrange meetings and social activities. It's a very comfortable way to go shopping in bustling January days without getting your feet cold. . . . and the only way to check with the baby-sitter without leaving the party. There's certainly no question that the telephone has many uses. Whenever you need it — what ever you need it for — it's always there to call on.

TELEPHONE CHAINS — LIFELINES FOR THE ELDERLY

For the benefit of Stirling residents who may not have seen a recent item in "Telephone News", the leaflet which accompanies telephone bills, I'd like to sum it up again here. It's one of those things that automatically make you wonder why it wasn't thought of long ago. It concerns elderly people — particularly those who live alone — and the fear that sudden illness or accident may one day prevent them from reaching the phone to call for help. The answer to this problem, as suggested by the Leaside (Ontario) branch of the Red Cross, is a "telephone chain" of five or six elderly people who phone each other every day in a pre-arranged order. That is, each chain member makes one phone call and receives one call every day. If a chain member cannot reach the one he is to call, he notifies the member who acts as Chain Captain. If the Chain Captain cannot reach the member he is to call, he notifies the chain's sponsoring group (which can be a church, social or women's club, or any group of interested citizens) and one of the sponsors immediately makes a visit to find out the reason for the unanswered phone.

Apart from the obvious security of mind such a system brings, it has other advantages as well. It is the elderly people themselves who check up on one another, giving them a definite role and responsibility to enjoy, and of course very close friendships can easily develop from the daily conversations.

Information on suggested procedures for organizing a Telephone Chain is available in brochure form from the Senior Citizens Committee, Ontario Division, Canadian Red Cross Society, 460 Jarvis St., Toronto 5, Ont.

HUGGING THE BORDER

Although most of us are vaguely aware that a great many Canadians live within a short drive of the U.S. border, it's doubtful if more than a comparative few realize just how high the proportion is.

Yet, according to a recent item from the Dominion Bureau of Statistics, an amazing 73 of every 100 Canadians live within 100 miles of it, and no less than 87 of every 100 are within 200 miles.

In this as in so much else, there are notable variations as between the provinces. Thus, in Ontario, a remarkable 93 of every 100 people live within 100 miles of the Canada-U.S. frontier. Quebec and British Columbia, each with 86 of every 100, are not far behind.

By contrast, Nova Scotia has only five out of every 100, while Prince Edward Island and Newfoundland, by reason of their geographical situation, have none at all.

Making every allowance for the near untenable climate of much of our extreme north, there's a lot of food for thought in these figures.

"The best reformers the world has ever seen are those who commence on themselves," said George Bernard Shaw.

Do You Remember?

— TWENTY-FIVE YEARS AGO —
ISSUE JAN. 16th, 1941

On Monday evening the officers of Keystone Chapter, Royal Arch Masons, No. 72, were installed with Rt. Ex. Comp. C. F. Walt in charge. Gordon W. Bailey was installed as First Principal of the Chapter for the year.

Large congregations were present at a series of prayer services held in local churches last week in connection with the Universal Week of

Prayer.

Local and Personal

Mr. and Mrs. David Luery, Myrtle, Ont., were recent visitors of Mr. and Mrs. G. H. Luery.

Mr. Fred Joblin, Toronto, and Miss Dorothy Joblin, of Pickering, were week end guests at the home of Mr. and Mrs. Fred Elgie.

Mount Pleasant

Douglas Scott, young son of Mr. and Mrs. Murney Scott, underwent an appendix operation in Belleville Hospital on Friday afternoon.

Mrs. Lindsay McKeown is spending a few days in London, Ont.

Mrs. Jack Bush New President of St. Paul's U.C.W.

Forty-one ladies gathered in St. Paul's United Church Hall for the first general meeting in 1966, Tuesday evening, January 4th.

Mrs. John L. Good, President, opened the meeting by using the Theme hymn and prayer. Several "thank-you" letters were read.

The installation of officers was conducted by Rev. Bruce Small, who

read Ephesians, chapter 4, verses 1-13. Following is the new executive for 1966:

Honourary President — Mrs. B. Small
Past President — Mrs. J. L. Good
President — Mrs. Jack Bush
1st Vice-Pres. — Mrs. Donald Williams
2nd Vice-Pres. — Mrs. James Boughen
Rec.-Sec. — Mrs. V. Richardson
Treasurer — Mrs. W. Harlow
Press Secretary — Mrs. Bert Jones
Assistant Press Secretary — Mrs. John Svoboda

Committee Chairman

Christian Citizenship and Social Action — Mrs. W. de Jong
Community Friendship and Visiting — Mrs. Clare West
Christian Education and Missionary Education — Mrs. Elwood Bateman

Leadership Development — Mrs. Blake Faulkner
Finance — Mrs. Robert Hatton
Flowers — Mrs. H. Waite

Programme — Mrs. Donald Williams

Social Functions — Mrs. Ray Rose
Stewardship and Recruiting — Mrs. R. A. Patterson
Supply and Welfare — Mrs. John Mulhern

Pianist — Mrs. Harold West
Assistant Pianist — Mrs. W. Mer-ton

Mrs. Jack Bush, the new President, was asked to speak, following this impressive installation service. Mr. Small closed this part of the meeting with the singing of "A Charge To Keep I Have" and prayer.

Several committee chairman reported. The annual congregational meeting is Wednesday, January 19th. The annual Presbyterian meeting will be held in Bridge St. Church, Belleville, January 25th and 26th.

It has been decided to have a St. Patrick's supper.

The World's Day of Prayer is February 25th, in the Presbyterian Church.

The next general meeting will be held on Tuesday evening, March 1st.

Unit 5 had charge of the program, taking as their theme "The Christian and Sunday". A very interesting dialogue took place on the subject, between Mrs. Ralph Johnson and Mrs. Gerald Brooks. The open Sunday is a lively issue in Canada.

After group discussion, Mrs. David Duffin and Mrs. P. Conley compared today's Sunday and tomorrow's Sunday. Mrs. Brooks concluded by telling how Jesus answered the Pharisees on the subject of Sabbath Observance.

"What shall I do on Sunday?" This is a question every Christian must answer for himself, after prayerfully searching his heart and mind.

The hymn, "Take My Life and Let It Be" and prayer closed this interesting and instructive programme.

A dainty lunch was served by Unit 2. Mrs. B. Faulkner thanked all who in any way helped with the meeting.

The one we loved so dear.

We did not know when he left home
He would no more return,
That he in death so soon would sleep
And leave us here to mourn.
We do not know what pain he bore,
We did not see him die.
We only know he passed away
And never said good-bye.

— Sadly missed by Mom and Dad,
brothers, sisters and families 3-1

WAITE — In cherished and loving memory of a dear husband and father, Henry R. Waite, who passed away January 13th, 1962.

Mrs. Rebecca Sine, Mill Street Observes 103rd Anniversary

Celebrated Birthday Anniversary on Saturday, January 22nd; In Fair Health

Her bedroom at the Green Home has a pleasant view over this village's Memorial Park.

She can count the cars on the street outside without the aid of glasses — though she uses glasses for reading.

When she was born, the continental telegraph was still a latter-day wonder. News from Europe still arrived weeks later aboard sailing assisted steam packets.

Today, Mrs. Rebecca Sine is in fairly health — hard of hearing — but very keen in mind.

On Saturday, January 22nd, 1966, she celebrated her 103rd birthday.

The last of nine brothers and sisters, she was born the daughter of Mr. and Mrs. Charles Sine in what was then known as the Sine Settlement of Rawdon township.

She can recall her father clearing the land — using a team of oxen to augment his own muscle-power.

She can recall 20-mile trips to Belleville by horse and cart over rough dirt roads; Indians calling at the farmstead to cut basswood logs for baskets; her uncle being chased by wolves.

Today, she is alert as ever, although bed-ridden for several years from a hip injury suffered in a fall on a street here.

When she was "about 20" she married W. T. Sine and they lived for many years in the Sine Settlement. She has two daughters, Mrs. William Wannamaker, Colborne, and Mrs. Percy Ford, Toronto, and a son, Karl, in Belleville.

Through the years, 9 grandchildren, twenty great-grandchildren and seventeen great-great-grandchildren have been added to her family.

Hamilton Man Killed While Hunting Rabbits

John Solveck was hunting with two companions about seven miles west of Tweed when the accident happened. Police say the full force of the 20-gauge shotgun blast struck him in the neck and face.

Solveck left a wife and two sons, aged five and seven.

Bishop of Ontario Visits St. John's

The Right Rev. K. C. Evans, D.D., Bishop of Ontario, visited St. John's Church, on Sunday morning. The Bishop celebrated Holy Communion, assisted by the Rector, and Rev. F. A. Crook. Despite the heavy snowfall, a good congregation was in attendance.

The Bishop preached on the parable of the Leaven, pointing out that Christians were the leaven. He said the three measures of meal could be likened to the three world races — white, black and yellow.

In the afternoon, the Bishop visited Christ Church, Glen Miller, where he administered Apostolic Rite of the Laying on of Hands in Confirmation. Seventeen persons — fourteen teenagers and three adults, were confirmed.

Letter To The Editor

Stirling, Ont.,
January 24th, 1966.

Dear Mr. Hulin:

With Minor Hockey Week in full
swing, I think it is an appropriate
time to take a long, hard look at Min-
or Hockey in Stirling.

The Legion has two House Leagues
of four teams each, which provides
hockey for about ninety boys in Nov-
ice and Pee Wee age groups.

As soon as a boy reaches twelve,
he enters Bantam ranks with only
one team to provide hockey for boys
for roughly forty square miles. The
same situation exists for both Midget
and Juveniles. At the present time
there are only two Stirling boys play-
ing on the Stirling Midget team and
I feel sure the same situation exists
in Bantam and Juvenile.

As an alternative for the boys from
twelve on, they are supposed to have
an hour each on Saturday afternoons.

On January 15th, the Bantams had
fifteen minutes and the Midgets had
almost a half hour. On January 22nd,
the Bantams had an hour and the
Midgets again had a half hour. This
half hour of hockey per WEEK is a
real incentive for a boy to play hock-
ey, isn't it? For almost eighty per-
cent of Stirling boys over twelve
years of age, there is no hockey in
the Arena except as noted above.

They say to keep a boy out of hot
water, keep him on ice. If that is
true, there is certainly going to be a
strong demand for scald medication
among our teen-age boys.

If there are any coaches in our vil-
lage who follow "An Open Letter to
Coaches", as printed in the Intellig-
encer last Friday, I sincerely salute
them.

Our village can be justly proud to
have a native son as President of the
Ontario Minor Hockey Association,
but this is over-shadowed by the de-
plorable situation that exists in our
own organization.

Entered Into Rest

MRS. GEORGE D. WATSON

Residents of this district were ad-
mired on Monday evening when it
was learned that Mrs. George D. Wat-
son had passed away in Belleville
General Hospital. She was in failing
health for the past three years. She
was in her 68th year.

The late Mrs. Watson, formerly

late Mr. and Mrs. Lewis Brownson.
Mrs. Watson had been a resident of
Wellman's Corners for the past 47
years. Formerly very active in
church organizations, she was a mem-
ber of the United Church Women, a
member of the Women's Institute,
and a member of Wellman's United
Church choir.

Survived by her husband, George
D. Watson, Mrs. Watson also leaves
three sons, Lorne, of Stirling; Craig,

Predeceased by two brothers and
two sisters, Mrs. Watson had eight
grandchildren and six great-grand-

children.

The funeral was held Thursday
afternoon, January 20th, from the
Bennett - Weaver Funeral Home,
Campbellford, to Wellman's United
Church. Rev. W. C. Cox officiated
and at the committal rites in Burn-
brae Cemetery.

During the church service a duet,

In Memoriam

LOSHAW — In loving memory of a dear granddaughter, niece and cousin, Diane Marie, who passed away January 28th, 1965.

The golden gates had opened
So suddenly it seemed,
Into a land more beautiful
Than one would ever dream.
Never to be forgotten
As the years pass on,
Sweet memories linger always
From dusk to dawn.

In our hearts you'll always be
Our dearest memory.

— Sadly missed and ever remembered by Grandma Loshaw, Ralph Eleanor and David Keating. 4-1p

LOSHAW — In loving memory of a dear daughter, sister and granddaughter, Diane Marie, who passed away January 28th, 1965.
In tears I saw you sinking,
I watched you fade away.
My heart was almost broken,
You fought so hard to stay.
But when I saw you sleeping,
So peacefully, free from pain,
I could not wish you back
To suffer that again.

— Deeply loved and sadly missed by Mom, Doreen, Ronnie, Ricky, Bob, Grandma, Grandpa Keating. 4-1p

McGEE — In loving memory of a dear husband, father and grandfather, Percy McGee, who passed away January 31st, 1965.

There is never a day that passes
But our thoughts go out to you.
Never a joy that comes our way
But we wish you could share it, too.
No one knows how much we miss you.

Or how the tears so often flow,
Oh, what it meant to lose one like you
No one will ever know.

— Lovingly remembered by wife, Pearl, and family. 4-1p

RODGERS — In loving memory of a darling husband and father, Arthur Rodgers, who passed away January 29th, 1968.

We miss you more than anyone knows.

Each day that passes, the emptiness grows.

The tears in my eyes I can wipe away.

But the ache in my heart will always stay.

God, put your arms around him.

Keep him in your care.

Make up for all he suffered.

And all that was unfair.

Only a cluster of memories
Sprayed with a million tears.
Wishing God had spared you.

Just a few more years.

— Loved and always in our memory. Sadly missed by wife, Nancy, and family. 4-1

Mrs. Lindsay Finch assisted with responsive selections from the Bible. The Bible Study on "God and His Purpose", was conducted by Mrs. Wilfred Spencer.

There was a discussion on giving to Missions and it was decided that each member would donate something for missions at each monthly meeting. Mrs. Clarence Thomson and Mrs. Wilfred Spencer were chosen as delegates to the Presbyterian meeting in Belleville.

The roll call was answered by the paying of fees for 1966. Nine members paid their fees and one member contributed to the birthday bank. Slips were handed out on which each member wrote down an idea for raising funds or making the meeting more interesting.

Why wait for spring?

do it now!

In winter, men are available. Materials are available. And special off-season discounts are often available. So, doesn't it make a lot of sense to have those repairs and renovations done now. Not simply construction and building jobs—but things like having the lawnmower fixed and the screens mended; having

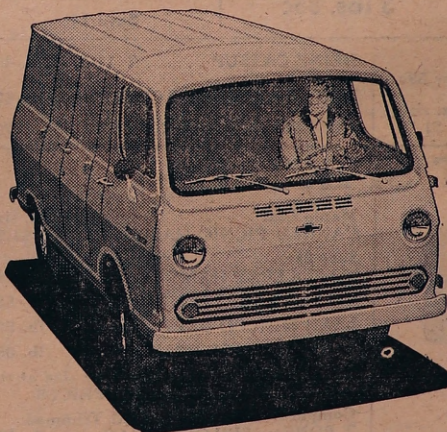

the drapes cleaned and the rugs shampooed; having the furniture re-upholstered and the electrical appliances repaired. All jobs which can call for a long wait come Springtime—but which can be handled quickly, efficiently and easily during the winter season. What's more, government-sponsored, low-cost Home

Improvement Loans are available through your bank, to assist you in carrying out all kinds of renovation jobs you've been meaning to do—up to \$4,000 with up to ten years to repay!

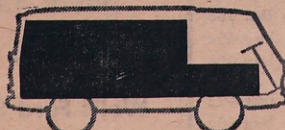

No doubt about it—winter is the best time to spruce up your home or place of business. Do it now!

Everybody benefits when winter work is increased
